*User Manual for Industries*

**GUIDELINES FOR INDUSTRIES TO FILE APPLICATION ONLINE FOR CONSENT OF THE BOARD**

**TAMIL NADU POLLUTION CONTROL BOARD**

**POLLUTION PREVENTION PAYS**

# INTRODUCTION

Online Consent Management & Monitoring System is a web based application for Consent Management developed for the TNPCB (Tamil Nadu Pollution Control Board), by NIC, Cell, Ministry of Environment & Forest. The details of **Industry User** as given below.

## Features of OCMMS

- Unified Global online application/ portal
- Role based application access
- Multi level Security Enabled System
- Online Industry Registration
- Online Submission of Application, Approval, Clarification and other activities for CTE, CTO for all category of Industries / Institutions

## ONLINE INDUSTRY REGISTRATION

Industry registration is an online feature; which will enable Industry applicant to register himself online to use the application for applying for Consents (CTE/CTO), Authorization and other features. Using this Industry will be able to generate the user temporary name and password, which he needs to use within the stipulated time. Once Industry uses the temporary user name and password for Consent Application; documents/details provided with this will be validated and user name will be confirmed and made available to him for future use. If Industry fails to use the temporary user name within the given time frame, then this user name will be deleted from the database and applicant will have to re-register himself to use the online application.

Click on New Industry Registration to register Industry on this Home Page

## Screen Shot: Home Page

- Click “New Industry/HCE Registration”
- New Registration form will be displayed.
- For industry User select Industry button and for Health Care Establishment (HCE) select **HCE**.
- User fills the asked information and click “Submit”.
- Once submitted, System will validate the input data.
- If data is incorrect or mandatory filled not filled then system will prompt user to correct the information.
- If data filled by applicant is correct then System will generate user name and Temporary password and will be displayed on screen.

It gives User ID and Temporary Password.

[illegible]

After the registration is complete, the receipt is shown as alongside

Password Recovery Details	
Read Description:	What is your "Username"?
Username:	<input type="text"/>

When you log out of an application, please use above mentioned log-in ID. If you are the administrator, then password given is temporary and valid for 15 days only. Please change the password in 15 days else due to security reasons.

---

FOR THE USER

1. Enter OK/NOH sign-in to use the system every time.
2. Change the password when first time just log back the system. Please follow the instructions to protect your password from any cyber attack.

\*\*\*This is computer generated receipt\*\*\*

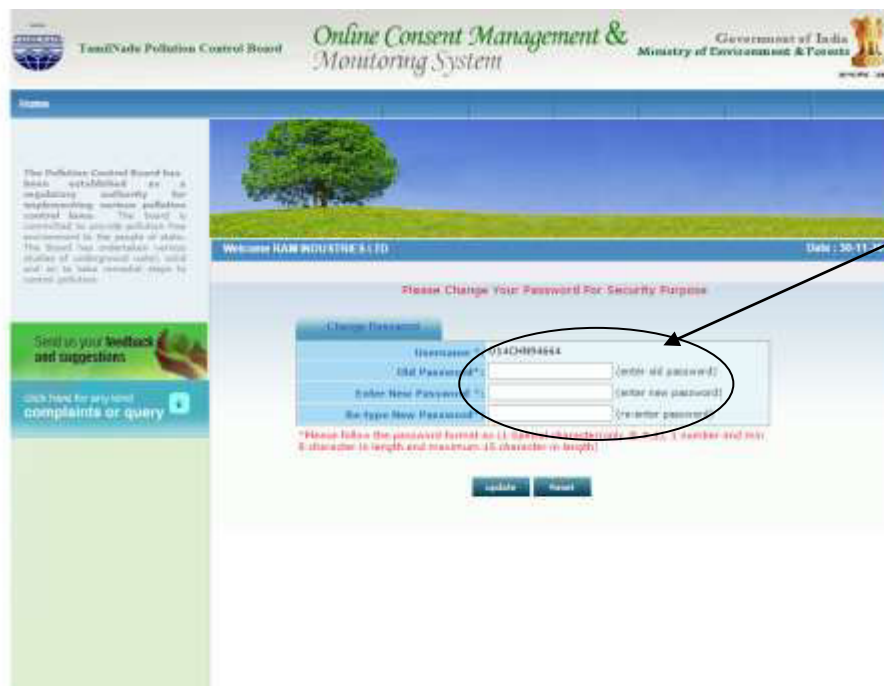

\*\*\*\*\*

1. Input the correct signal to set the system error free.
2. Change the pressure value first then set by hand the system. Please follow the instruction to proceed and proceed from step 1 after that.

\*\*\*p < 0.001 in comparison to untreated controls\*\*\*

Log in as Industry login with Industry ID and Temporary Password

When you are login as Industry User with this User ID and Password, firstly it gives change password page as shown here.

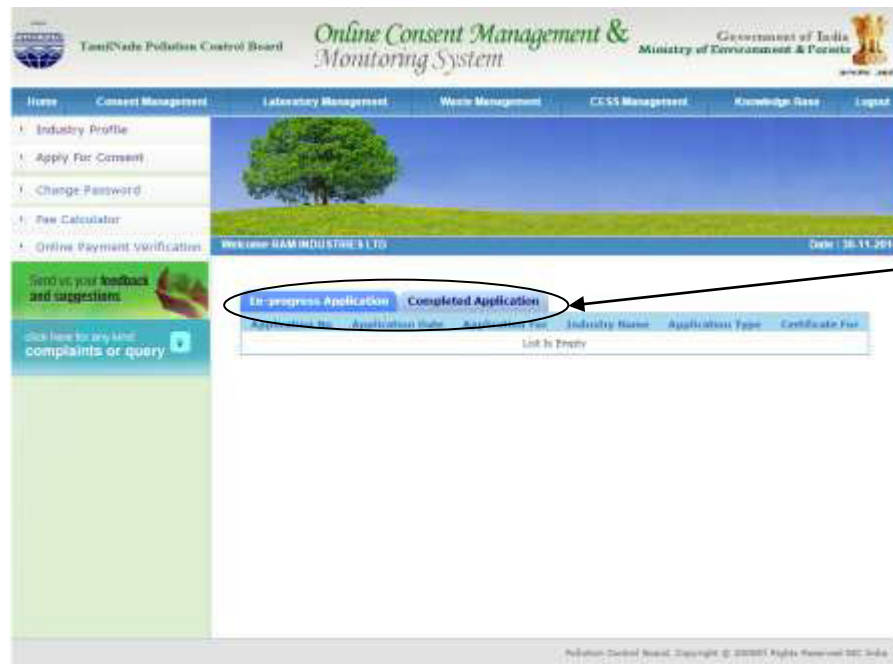

- Enter the old & new password and click on update.
- Enter system generated password in old password.
- Enter the new password of minimum 8 characters size having at least 1 character, 1 digit and 1 special character (@, #, \$ only).
- After changing password successfully, you can login in to OCMMS by selecting radio button Industry and entering user id, password and Captcha code.
- Maximum 3 times you can enter wrong password, after that your account locks.
- Only way to unlock it is doing forget password.

Now, Login can be done using new password

**Procedure for Forget Password**

- Click Forget Password
- Enter User ID in the Window that appears.
- New password will be generated and sent to the registered mobile number and e-Mail ID automatically.

After logging in, the page appears as shown alongside.

In progress application or completed application status can be viewed if already applied online.

Click on Industry profile

Industry Details and Occupier details can be viewed.

Click on Edit to edit the details.

- Click on Apply for Consent
- The screen appears as shown aside
- Select the industry either New or Existing
- Select the type of application from the types shown
- Click Next

- If Existing Industry is selected, then old MIS Number obtained from TNPCB is to be entered as shown.
- For example your old MIS No will be VLR0101 if your industry is located in Vellore Office jurisdiction. (VLR is District Code and 0101 is the file no. of your unit).
- Note: Your Old MIS No can be obtained either from the concerned District Office or going through the Proc. No. of your consent order in which your District code along with your file no. appears.

The screenshot displays the OCMS web application. The header includes the Tami Nadu Pollution Control Board logo, the system title 'Online Consent Management & Monitoring System', and the Government of India logo. The navigation menu on the left contains the following items: Home, Consent Management, Laboratory Management, Waste Management, CEIS Management, Knowledge Base, and Logout. Under 'Consent Management', there are links for Industry Profile, Apply For Consent, Change Password, Fee Calculator, and Online Payment Verification. The main content area shows a welcome message for 'RAM INDUSTRIES LTD.' dated 10-11-2014. Below this, there are tabs for Industry, Occipier, Other, Raw Material/Product, WC/Effluent, Solid Waste, and Air Emission. The 'Air Emission' tab is selected, showing a table with columns for Consent Fee, Documents, Air Emission, and Action. The table contains two rows of data: 'Particulate emission with stacks Details' and 'Fugitive emissions/House Details'. Each row has 'Add', 'View', and 'Delete' links. A red arrow points to the 'Air Emission' tab. Below the table, there are instructions for users to fill in details for Air Emission and a 'Save' button at the bottom.

Select Air Emission Tab.

Details of Emission sources, control measures can be entered by selecting appropriate items.

Multiple entries can be made by Add button.
